Dear Ms. Terrien,

I'm sending you this note to say I am opposed to and frightened of HB 5232/SB 720. I also believe it would be an infringement of my property rights, as these were the rules when we purchased and invested in our Grand Rapids, Heritage Hill home. It frightens me because a change in the rules could allow alterations and or developments that diminish the authenticity of the architecture and the aesthetic historic charm of our neighborhood.

I sincerely hope you will drop this bill!

Thank you,  
Jen

*I oppose HB 5232 and SB 720 that would alter PA 169 of 1970, the Local Historic Districts Act. I'm a resident of Heritage Hill in Grand Rapids and these would deny my rights as a property owner to work with my neighbors to safeguard our local historic district.*

Mary Lou Terrien,

Please enter the attached comments into public record regarding HB 532 and SB 720. Please enter my comments into public records for today's noon House Local Government Committee hearing regarding the legislation.

Does my commentary letter need to be personally signed by myself in order to be submitted into public record?

Thank you,

Robert Steffens
